Dear Sir:

Supplementing the IDS at filing submitting documents from the ISR, and pursuant to 37 CFR 1.56, 1.97 and 1.98, the attention of the Patent and Trademark Office is hereby directed to the English-language translation of the International Search Opinion (Form PCT/IB/33 and Form PCT/ISA/237) as identified on the attached PTO/SB/08. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom. Copies are provided.

The documents referred to in this Written Opinion were provided in the IDS at filing.

This will certify that each item of information contained in this information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this statement. Specifically, this Written Opinion was dated August 3, 2006 from the International Bureau for the corresponding PCT application.

In the second IDS an attachment to the Search Report there provided shows Patent Family Members for the cited documents. It appears from the attachment that: EP 1 085513 corresponds to JP 2001-160945 previously of record as Document BB in the IDS filed with this application, and EP 0847195 corresponds to WO 9713361 previously of record as Document BA in that same IDS. It may also be noted that each of the cited documents here has a corresponding US patent family member.

Please take this information into account in the initial examination of this application along with the information previously provided and that contained in the Background of the Invention in the application as filed, and make their consideration of record.

Dated: October 31, 2006
